

Welcome **Sundae in the Park** operated by Sue Fouts, new concessionaire for the Fort Wilkins Historic State Park store.

Some of you may know Sue. She has lived in the Keweenaw for 30+ years, worked in local education for 20 years, as well as operated the McLain State Park gift shop/camp store concession for the past several years.

Sue was born in Dairyland, WI. She states that "she has always been drawn to the Big Lake we call Gitche Gumee". Sue and her husband have four children and are licensed Foster Care providers in the Keweenaw.

Sue is excited about her new Fort Wilkins adventure. She shares "When the concession at Fort Wilkins became available I decided to expand my state park adventures. If you have ever stopped out to McLain you know that I make my own waffle cones and they smell amazing and taste even better. I also started my own sub making endeavor that the campers enjoy after a long drive and setting up camp. I am planning on expanding these items up to the fort as well. I'm always ready for a new adventure, my husband is my driving force and I would be lost without his compass guiding us. We have a good life and I can't wait to get to know the folks at Copper Harbor and all who visit. I would love you to stop in and say hi. This year it will be a big transition but I'm looking forward to the challenge. My goal at Fort Wilkins is to help people enjoy their camping experience."

Sundae in the Park will open Thursday, May 25th. The 2017 park store hours are 7 days, 10-6 in May/June, 10-8 in July/August, and 10-6 in September/October.
